

Happy Holidays from the Drippils™

To add some fun to your holiday decorating, follow these tips:

Print this page onto heavy printer paper. Color the background, stem and back of the Drippils ornaments. Carefully cut out each ornament. Punch a hole in the stem of each ornament. Cut 12" lengths of colorful yarn or ribbon. Pull the yarn through the stem and tie the ends together to form a large loop. Hang on your tree, doorknobs or wherever you like. Have fun!
